Product Description

The Bizerba XC 100 counter scale combines all essential retail activities: weighing, transaction handling, printing and providing advice as well as displaying promotional messages and cross selling.

The open PC platform offers sufficient capacity to cope with new features or customer-specific requirements in the future. Even the use of 3rd-party software presents no problems. The 'all-purpose' printer is unique to the market and can perform every conceivable printing task that can be required of a weighing device. Furthermore, replacing the paper roll is a very brief and intuitive process, and daily cleaning of the scale can be carried out quickly and easily. This is supported by each scale's compact design, the easy clean surface of the housing and the newly developed, frameless easy clean display.

XC 100 - Price Computing Scale

Highlights

- Easy clean for quick and easy cleaning of the scale
 - surface: problem free removal of stray labels
 - displays: frameless for maximum cleaning efficiency
 - load plate: optimum ease of handling
- Easy load enables paper rolls to be changed in a matter of seconds
 - 'all-purpose' printer with ticket and linerless operation up to 80 mm paper roll widths
 - Additional label layout possible on pre-printed linerless paper
- Label printer*
 - 'Paper near end' function*
(alert when almost out of paper for unattended scales in self-service use)
- Easy level tilt compensation*
 - Accurate weighing results even when the scale is not leveled, no loss of revenue
- High-end PC-based scale with outstanding Intel® Dual Core processor for optimum performance and perfect graphics with minimum power consumption
- High-end software package .Retail Framework
 - .RetailPowerScale scale software
 - .RetailApps for additional functionality*
 - .RetailIntegratorsKit (RIK) for 3rd-party software*

Plus many more software options for additional solutions.

Easy load printer

Easy clean load plate

**Warranty**

The Food Service XC 100 Price Computing Scale Printer carries a three (3) year, on-site parts and labor warranty against any flaws in materials and workmanship. This period begins with the date of purchase and, provided the unit is used properly in accordance with our instructions, is in full effect for one year from that date. Any work to be performed under this warranty must be performed between the hours of 8:00 a.m. and 4:30 p.m. local time, Monday to Friday. Bizerba will not pay over-time charges for work performed other than during normal business hours. Accessories have a 30-day replacement or repair warranty for the period beginning on the date of purchase. Damages incurred in transit or from installation error, accident, alteration or misuse are not covered. Transit damages should be reported to the carrier immediately. Bizerba shall not be liable for any consequential, compensatory, incidental, or special damages. All warranty work must be performed by a factory authorized Bizerba Representative.
