Agency Approvals:

Breeding Table

Model: BT-24, BT-24M

Compact, portable work table for breeding and preparing product for frying

Simplicity in design, quality that is affordable - BKI's breeding tables are the perfect companion for BKI's full line of fryers.

The tables are compact and portable for breeding and preparing product for frying. Our breeding system is designed to produce a consistent product look while reducing breeding costs. An easily operated hand sifter separates the doughballs promoting consistency in the sifted breeding.

Our equipment is constructed of top quality stainless steel for years of dependable operation and backed by over 50 years of foodservice manufacturing excellence.

Standard Features:

- Stainless steel construction, non-magnetic, non-corrosive
- 4-locking casters
- Sifter drawer with lower receiving pan
- Lug shelf for raw chicken
- UL Sanitation-listed
