

X-LARGE VOLUME DEEP FRYER – AUTO-LIFT – TOUCHPAD CONTROLS – FILTER SYSTEM

Model BLG-FC

The workhorse of pressure fryers, this extra-large gas-operated auto-lift fryer can take natural or LP gas and is designed for simple operation, long life, and high volume. The process controls are easy to use and program for true one-touch cooking. The BKI® BLG-FC fryer cooks up to 18 lb (8.2 kg) of product in one cycle and holds 75 lb (34 kg) of oil.

Open-vat fryers are perfect for producing extra-crispy exteriors and tender interiors on a variety of fried foods. The auto-lift basket ensures that food is removed from the oil at the precise moment it is completely cooked. It also lifts food out of the vat at the precise moment it is fully cooked to avoid overcooking. Combine this fryer with a BKI hot case and your food will be hot and crispy for hours!

The amazing efficiency and fast recovery times of the BLF series gas fryers are realized by the placement of the heating elements and igniter box completely inside the vat with oil flowing freely around them.

The built-in filtration system keeps oil fresh and extends its usable life. This saves you money over the life of the fryer and keeps your food tasting consistent every time. A cold zone in the vat collects breading fall-off, keeping oil fresh and clean. With the push of a button and the twist of a handle, filtering oil is easy and safe. The patented quick-disconnect allows for easy removal of the filtering vat.

FEATURES AT A GLANCE

- California Energy Wise Rebate Qualified
- 18 lb (8.2 kg) product, 75 lb (34 kg) oil capacity
- Auto-lift basket for precise cooking
- 5" casters for easy mobility
- Gas operation
- Stainless steel construction
- Microprocessor controlled for enhanced cooking capabilities
- Built-in filtration system
- Assembled in the U.S.A.

AUTO-LIFT BASKET

The auto-lift basket feature pulls the product from oil when cook cycle is complete.

GAS OPERATION

Natural/LP gas is powerful and efficient with incredible recuperation times.

TOUCHPAD CONTROLS
